

***Task: Computer purchase quotation***

**Objective**

You have to prepare a computer purchase quotation for a friend who has just finished Desarrollo de Aplicaciones Web and needs a **laptop** computer to work for his new company from his own house. Maximum price is 900 € but you don't have to spend it all. Make sure you include all necessary components to the computer.

The documents that you have to prepare are:

- Presentation (PowerPoint (on-line)) with one slide for each component including an image all characteristics and description.
- Professional purchase quotation (presupuesto).
- Dictionary with all English words and their definition.

Finally, you will have to sell your computer in a public presentation to the customer (class) explaining the reason why you have selected each component.

Explanation in English
